

Hibban Ullah

Computer Science Student

hullah@sfsu.edu

(650) 219-5674

San Francisco, CA

Summary

Computer Science student at SFSU with hands-on experience in software development, Linux systems, and technical troubleshooting. Proficient with command-line tools, SSH, virtual machines, and AI agents using Hermes. Experienced developing websites for businesses in Dubai and Bahrain.

Technical Experience

Freelance Web Developer

Independent - Dubai, UAE & Bahrain

2025 – Present

- Developed and customized responsive websites for businesses in Dubai and Bahrain.
- Built web solutions using Next.js, React, TypeScript, JavaScript, HTML/CSS, and WordPress.
- Worked with clients to gather requirements, implement changes, and troubleshoot technical issues.

AI Systems & Automation (Personal Project)

Multi-Agent AI System (Hermes)

2026 – Present

- Built a multi-agent AI system using Hermes to automate research, planning, scheduling, and social media workflows.
- Deployed and managed AI agents in an Ubuntu Linux environment with a Next.js dashboard for monitoring tasks and system activity.
- Used SSH and command-line tools to manage services, processes, logs, packages, and the development environment.

Skills

Programming

Java, Python

Web Development

HTML, CSS, React, Next.js, Node.js, WordPress

Systems & Command Line

Linux (Ubuntu), Bash, Zsh, SSH, Terminal

Developer Tools

Git, GitHub, VS Code, IntelliJ IDEA, Xcode, VirtualBox, Vagrant

AI & Automation

Hermes, AI Agents, Multi-Agent Systems

Networking & Troubleshooting

TCP/IP, DNS, Port Forwarding, VM Management, Issue Diagnosis

Education

Bachelor of Science in Computer Science

San Francisco State University, San Francisco

Expected 2028

Relevant Coursework: Data Structures, Programming Methodology, Web Software Development, Discrete Mathematics
